## Man Found Dead.

A report was brought to town early Monday morning that the body of a dead man (Mexican) had been found on the W. P. Laughinghouse farm, about two and one-half miles south-west of town. Judge A. M. Lamm, as coroner, and Dr. W. H. Smith, health officer, immediately went to the point indicated and found the body of a man apparently about 30 years of age, 5 feet 5 inches high, weight about 145 pounds, dressed in blue shirt and dark trousers, lying in a patch of milo maize some three hundred yards from the farm residence.

The coroner was unable to get but little information concerning the man, as he had been in this section but a short while. According to the information obtained by the coroner the man had but recently come to Hondo, it is believed from the west; he was in search of work, and was given a job harvesting milo maize on the Laughinghouse farm; was last seen alive by one of the Laughinghouse boys last Tuesday evening, the 18th. The body was badly decomposed, making a very thorough examination impossible, but as no marks of violence were discernable it was the opinion of the coroner and physician that the unfortunate man was a victim of the intense heat that has prevailed in this section for the past several weeks.

No papers or other means of identification were found on the body; beyond the fact that he was known as Filomeno (which was probably his given name), absolutely nothing was known

of him here. It is probable that he was one of thousands, driven from his home by the anarchy that prevails south of the Rio Grande, has found a grave in this county, and his family or friends will probably never know the end that befell him.

After viewing the body the coroner turned it over to the sheriff for burial.

## Stunned by Lightning.

During an electric storm in the vicinity of Yancey Tuesday evening a house on the farm of C. J. Wiemers, occupied by Mexicans, was struck by lightning. Of six occupants of the house at the time the bolt struck five were severely stunned. The one escaping ran to Mr. Wiemer's house and reported all the other occupants of the house dead but on reaching the house he found them only severely stunned. Two of the five had recovered from the shock by Wednesday evening but the three others were still confined to their beds at last accounts.

## Died.

Little Olga Annie Schuehle, the two year old daughter of Mr. and Mrs. August E. Schuehle, died at the hour of six o'clock, Thursday morning, at the home of Mr. and Mrs. J. G. Heyen after an illness of several days with cholera infantum. The little body was tenderly laid to rest in the new cemetery at five o'clock Thursday afternoon, Rev. A. Falkenberg performing the last sad rites.

The stricken parents have the sympathy of all who know them in their sad bereavement.

## Good Roads Congress.

San Antonio is making preparations to entertain not less than 2,000 good roads' enthusiasts at the meeting of the Good Roads Congress, August 17, 18 and 19. According to Secretary D. E. Colp, who is touring North Texas in the interest of several good roads projects, unusual interest is being evidenced in the meeting and its possibilities for the united efforts of all good roads forces in the state.

Many counties are going to make an effort to secure their pro rata part of the \$301,050 that is available the first year to Texas from the \$85,000,000 federal road bill. Among the requirements made of the states participating is that they have a State Highway Department. Texas has no recognized Highway Department, and one of the objects of the Road Congress is to attempt to immediately secure the proper organization of such a department, thereby securing to Texas its share of the federal aid. If counties and sections, appropriate an equal amount, Texas' share for the five years will be \$4,515,750.00.

Aside from that feature of the meeting the programs will be so arranged that the attendant can have the benefit of a short-course in "the right kind of roads to build" and how to present a bond issue to the people so it will carry. Some counties have failed to carry bond issues, and the combined experience of attendants from counties which have built systems of good roads will be of special benefit to citizens of those counties.

## Bless-Herzing.

Wednesday evening at 8:30 occurred the wedding of Henry Bless and Miss Mary Herzing, daughter of George Herzing, county treasurer, at the bride's home, only immediate relatives being present. Chaplain C. C. Bateman officiated. The couple will make their home here. —San Antonio Express, July 21.

## Gross-Johnson Wedding.

Joe Gross, a stockman of D'Hanis, and Miss Sue Johnson, also of D'Hanis, were quietly married in San Antonio at 2 o'clock yesterday afternoon by Justice of the Peace R. Neil Campbell. Mr. and Mrs. Gross left for D'Hanis yesterday afternoon, where they will make their home. —San Antonio Express.

### BIG GAINS BY CO-OPERATION

Kentucky State Agent Explains How  
Farmers and Merchants Can Profit  
by Working Together.

How farmers and local merchants  
can co-operate to their mutual ad-  
vantage was explained by Geoffrey  
Morgan of Richmond, Ky., state agent  
for the United States department of  
agriculture.

The average farmer, whose knowl-  
edge of marketing is limited, feels  
that the local merchant has but one  
aim, and that is to buy his products  
as cheaply as possible, while the local  
merchant feels aggrieved that the  
farmers too frequently purchase im-  
plements and goods away from home.

The solution is an organization  
through which farmers and mer-  
chants may co-operate. Mr. Morgan  
cited some examples of how local mer-  
chants have aided farmers, thereby  
gaining their good will and increasing  
their own wealth. In one county they  
found the price of fertilizer too high.  
The merchants got together and ar-  
ranged shipments that reduced the  
price, aided the farmers, unable to  
pay cash, to secure it, as a conse-  
quence increasing their own influence  
in that territory and increasing the  
farmers' purchasing capacity.

In another instance the county  
agent foresaw that many hundreds of  
bushels of apples would rot on the  
ground because there were too many  
for the local market. He took up the  
proposition with the local merchants,  
who disposed of the apples at a fair  
price in a distant city for the farm-  
ers, and themselves looked after the  
sorting and packing.

CO-OPERATION IN HOG SALES

Often a Difficult Problem for Shipper  
to Find Ready Market—Good  
Plan Is Outlined.

(By E. L. JORDAN, Louisiana Experi-  
ment Station.)

The problem of finding a ready mar-  
ket for hogs when they are ready to  
ship is often a difficult one for the  
shipper, particularly when he has not  
enough to make up a carload. The  
best solution in such a case is to make  
use of the co-operative shipping club  
plan, which has been found very satis-  
factory in many communities. The  
plan is as follows:

A sufficient number of hogs to make  
up a carload is ready for market. A  
car is ordered and placed. Each ship-  
per brings in his hogs and they are  
marked with paint or by clipping cer-  
tain markings on their backs or hams.  
A record is made of the number sup-  
plied by each man and the markings.  
This record is mailed to the commis-  
sion firm to which the shipment is  
consigned. Upon arrival at market the  
hogs are assorted according to owner-  
ship and according to the class in  
which they will sell and each is sold  
on its merits. The costs, including  
freight, feed, commission, etc., are pre-  
pared and deducted, and each ship-  
per receives a statement of the sales  
and a check in payment of his share  
of the proceeds.

Any commission firm will be glad to  
furnish market advice on application  
and be of every assistance possible to  
shippers. The commission charges are  
regulated and are the same for all.  
Most commission firms issue a daily  
or weekly market letter that will be  
sent free of charge to anyone who  
writes it.

### Words From Home.

Statements that may be investigat-  
ed. Testimony of Hondo citizens.

When a Hondo citizen comes to the  
front, telling his friends and neighbors  
of his experience, you can rely on his  
sincerity. The statements of people  
residing in far away places do not com-  
mand your confidence. Home endorse-  
ment is the kind that backs Doan's  
Kidney Pills. Such testimony is con-  
vincing. Investigation proves it true.  
Below is a statement of a Hondo resi-  
dent. No stronger proof of merit can  
be had.

Thos. McCall, carpenter, Hondo, says:  
"A short time ago I came down with  
an attack of kidney trouble. I had a  
severe backache so that I could hardly  
stoop over or lift anything. My back  
pained all the time and made it diffi-  
cult for me to do my work. Doan's  
Kidney Pills, procured at Windrow's  
Drug Store, helped me right away and  
two boxes removed the trouble. I am  
glad to recommend Doan's Kidney Pills  
to others suffering from disordered  
kidneys."

she marries him; then a porcupine is

### Traveling Man's Experience.

In the summer of 1888 I had a very  
severe attack of cholera morbus. Two  
physicians worked over me from four  
a. m. to 6 p. m. without giving me  
any relief and then told me they did  
not expect me to live; that I had best  
telegraph for my family. Instead of  
doing so, I gave the hotel porter fifty  
cents and told him to buy me a bottle  
of Chamberlain's Colic, Cholera and  
Diarrhoea Remedy, and take no sub-  
stitute. I took a double dose accord-  
ing to the directions and went to  
sleep after the second dose. At five  
o'clock the next morning I was called  
by my order and took a train for my  
next stopping point, a well man but  
feeling rather shaky from the severity  
of the attack," writes H. W. Ireland,  
Louisville, Ky. Obtainable every-  
where.

## BEST WAYS TO COOK BACON

Meat Is Too Frequently Wasted Be-  
cause Insufficient Thought Is  
Bestowed Upon It.

Bacon is an extravagant article in  
the list of cooking materials because  
of its increased price and the fact  
that often twice as much as is needed  
is used for garnishing other foods.

This delectable meat will probably  
never be low-priced again, yet it will  
always be a great addition to the  
menu, so that to know the best ways  
of using it without waste is a neces-  
sity if one is to cook well.

The drippings from bacon are the  
best sort of shortening for cookies  
and everyday pastry; therefore,  
every bit of the fat that renders out  
in cooking should be strained and  
saved for such uses. This reduces the  
first cost of the meat very much, for  
the shortening bill has soared with  
the price of pork.

All left-over bacon makes excellent  
seasoning for meat loaves and may  
be nicely browned for garnishing by  
being dipped into egg batter and then  
into fine crumbs and placed in a hot  
oven, on a bacon rack, until golden  
brown.

If you have never broiled bacon on  
a rack you have a culinary treat in  
store, for even inferior bacon becomes  
fine tasting when broiled so and best  
bacon delicious. Any wire broiler or  
oven rack may be used; the slices are  
spread out, just touching, not cover-  
ing, one another, on it and placed over  
a dripping pan in a hot oven.

Sometimes bacon is as salty as salt  
can make it and requires soaking in  
hot water after it is cut; after such  
treatment the salt is not too apparent.

The best of sausage can be made  
at home with the following ingredi-  
ents: One pound of veal, one pound  
of fresh pork, one cupful of bacon  
chopped and one cupful of cracker  
crumbs. Grind the veal and pork fine,  
add crumbs and bacon, seasoning of  
pepper and sage with little salt, as  
the bacon supplies this. Grind the  
mixture again and shape into cakes  
and fry. Cold meat of any sort may  
be used in place of the veal.

The first dose relieved me and within

## Proposed Amendment to the State Constitution Relating to Levying Tax for School Pur- poses.

H. J. R. No. 30.] HOUSE JOINT RE-  
SOLUTION.

Proposing an amendment to Section 3,  
Article 7 of the Constitution of the  
State of Texas, authorizing the levy  
and collection of an ad valorem county  
tax not to exceed fifty cents on the one  
hundred dollars valuation of property  
for the maintenance of the public  
schools of the county, and authoriz-  
ing the levy and collection of an ad  
valorem district tax not to exceed  
one dollar on the one hundred dollars  
valuation of property for the main-  
tenance of the public schools of the  
district.

BE IT RESOLVED BY THE LEGISLATURE  
OF THE STATE OF TEXAS:

SECTION 1. That Section 3 of Article  
7 of the Constitution of the State  
of Texas be amended to hereafter read  
as follows:

SECTION 3. School Taxes.—One-  
fourth of the revenue derived from the  
State occupation taxes, and a poll tax  
of \$1.00 on every male inhabitant of  
this State between the ages of 21 and  
60 years shall be set apart annually  
for the benefit of the public free schools,  
and in addition thereto there shall be  
levied and collected an annual ad val-  
orem State tax of such an amount not  
to exceed 20 cents on the \$100.00 val-  
uation, as with the available school fund  
arising from all other sources will be  
sufficient to maintain and support the  
public free schools of this State for a  
period of not less than six months in  
each year. The Legislature may au-  
thorize the levy and collection of an  
annual ad valorem county tax within  
the counties of this State not to exceed  
50 cents on the \$100.00 valuation of  
property situated within the county;  
provided, a majority of the qualified  
property taxpayers voters of the coun-  
ty voting at an election to be held for  
that purpose shall vote such tax, for  
the purpose of maintaining the public  
free schools of the county, and the  
Legislature may also provide for the  
formation of school districts by general  
or special law, without the local notice  
required in other cases of special legis-  
lation, and all such districts, whether  
created by general or special law, may  
embrace parts of two or more counties,  
and the Legislature shall be authorized  
to pass laws for the assessment and  
collection of taxes in all said districts  
and for the management and control of  
the public school or schools of such  
district, whether such districts are  
composed of territory wholly within a  
county or in parts of two or more coun-  
ties. And the Legislature may au-  
thorize an additional ad valorem tax to  
be levied and collected within all school  
districts heretofore formed, or hereaf-  
ter formed, for the further maintenance  
of public free schools, and the erection  
and equipment of school buildings there-  
in; provided, that a majority of the  
qualified property taxpayers voters of  
the district, voting at an election to be  
held for that purpose, shall vote such  
tax not to exceed in any one year one  
dollar on the \$100.00 valuation of the  
property subject to taxation in such  
districts, but the limitation upon the  
amount of school district tax herein  
authorized shall not apply to incorpo-  
rated cities or towns, constituting sepa-  
rate and independent school districts.

SEC. 2. The Governor of this State  
is hereby instructed to issue the neces-  
sary proclamation for the submission  
of this amendment to the qualified vot-  
ers of the State of Texas at the next  
general election to be held in Novem-  
ber, 1916, at which election all voters  
favoring this amendment shall have  
written or printed on their ballots the  
words, "For the amendment to Section  
3, Article 7, of the Constitution of the  
State of Texas, relating to the levy of  
ad valorem school taxes not to exceed  
fifty cents on the \$100.00 valuation in  
the county and not to exceed one dollar  
on the \$100.00 valuation in the district,  
for the purpose of maintaining the  
public schools of the county or of the  
district." And those opposed to this  
amendment shall have written or print-  
ed on their ballots the words, "Against  
the amendment to Section 3, Article 7,  
of the Constitution of the State of  
Texas, relating to the levy of ad val-  
orem school taxes, not to exceed fifty  
cents on the \$100.00 valuation in the  
county, and not to exceed one dollar on  
the \$100.00 valuation in the district for  
the purpose of maintaining the public  
schools of the county or of the district."

SEC. 3. The sum of \$5,000.00, or as  
much thereof as may be necessary  
therefore, is hereby appropriated to  
pay the expenses of carrying out the  
provisions of this resolution.

[NOTE.—H. J. R. No. 30 was adopted  
by the House March 6, years 104,  
years 12. Was adopted by the Senate,  
with amendments, March 19, years 25,  
years 2. House concurred in Senate  
amendments, March 19, years 78, years  
19, present and not voting 1.]

Drives Out Malaria, Builds Up System

The Old Standard general strengthening tonic,  
GROVE'S TASTELESS CHILL TONIC, drives out  
Malaria, enriches the blood, and builds up the  
system. A true tonic. For adults and children. 50c.

## NOT ENOUGH CHILDREN

ever receive the proper balance of food  
to sufficiently nourish both body and  
brain during the growing period when  
nature's demands are greater than in  
mature life. This is shown in so many  
pale faces, lean bodies, frequent colds,  
and lack of ambition.

For all such children we say with  
unmistakable earnestness: They need  
Scott's Emulsion, and need it now. It  
possesses in concentrated form the very  
food elements to enrich their blood. It  
changes weakness to strength; it makes  
them sturdy and strong. No alcohol.  
Scott & Bowne, Bloomfield, N. J.

Man of Excuses.

Mr. Crimmonbeak—Now long do you  
suppose it would take to come from  
the moon to the earth, dear?

Mrs. Crimmonbeak—I don't know  
and, what's more, I don't care; but if  
you are going to give that as your ex-  
cuse for getting home late last night,  
it won't go.

Perhaps.

Mollie—I see an English inventor  
has equipped his flying machine with  
an acetylene flare, which would burst  
into flame and form a signal should  
he fall into the sea.

Chollie—But wouldn't that frighten  
the fish?

A Versatile Man.

"I couldn't get along without my  
doctor."

"No."

"When I'm sick he tells me a funny  
story and I get well."

"Does he make out his bill to pro-  
fessional service or 'entertainment'?"

Creating That Impression.

"I see it again stated that eating  
onions regularly will make a person  
live a long time. Do you suppose  
there is any truth in that theory?"

"I can't say, but eating onions regu-  
larly will probably make a person's  
life seem long to other people with  
whom he comes in contact."

"I feel it my duty to tell others what

me," writes Mrs. L. Dunlap, of Oak  
Grove, Mich. "I have  
suffered with pains in  
my back and under

a number of years,  
also with a poor ap-  
petite and constipation.  
I tried all of the rem-  
edies that I heard of,  
and a number of doc-  
tors, but got no relief.  
Finally a friend told  
me to try Chamber-  
lain's Tablets and  
Liver Tonic. I got a  
bottle from a drug  
store and took it as  
they suggested. My  
stomach, my bow-  
els became more regu-  
lar. Today I feel like  
praising them to all  
who suffer as I did, for  
they have cured me and made my life  
worth living."

Mr. H. B. Balzen was a business caller at this office Monday. Mr. Balzen says people in his community have made a fair corn crop and the yield will average thirty bushels to the acre. Cotton is looking well but the boll weevils are destroying the fruit as fast as it puts on in many fields. The July showers have destroyed a great deal of fodder and hay, a second cutting of Sudan grass being a part of Mr. Balzen's losses. He is not worrying about that, however, as he expects to get two more cuttings this season from his Sudan grass.

Two Fords loaded with would-be picnickers left Hondo early Thursday morning bound for the Medina reservoir with the avowed intention of depleting the piscatorial population of that pond, but a heavy rain overtaking the party at the Upper Quihi school house so dampened their spirits that they decided to return to Hondo without carrying out their designs. It took the combined efforts of Mr. H. B. Balzen, several of his neighbors, a couple of Mexicans and three good cow ponies to start one of the Fords successfully on its homeward journey, after which the trip home was successfully completed.

Misses Willie Barton, Willie D. Fly, Jennie Wools, Nettie Mae Newton, Bessie Mae Chancey, Lola Buchanan and Florence Lacy; and Messrs. Horace M. The Hondo party left here Saturday morning and returned Monday afternoon. Miss Powell of San Antonio was also a member of the party. The Hondo party report a most enjoyable time, the roads being good and the ride across country delightful, and the hospitable reception accorded them at the end of the journey will long remain a pleasing memory with the members of the Hondo party.

**Mrs. Rudinger Dead.**

Seldom has a death occurred in this community that caused such universal sorrow as did the passing away of Aunt Catherine Marie Rudinger, nee Fohn, who died suddenly Wednesday morning, July 26th, 1916, at 8:30 o'clock, a. m., at her home in D'Hanis.

Mrs. Rudinger was born in Nidrum, Kreis Malmetz, Achen, on November 5th, 1834, and at the time of her death had reached the ripe old age of 81 years, 8 months and 20 days.

In the year 1856 she in company with her uncle, Mr. Nicolas Fohn, and six other relatives of which but two are now living—Mrs. Margaretha Kock and Mrs. Elizabetha Enderle of D'Hanis—she immigrated to this country and located in Medina county, settling in what is now known as Old D'Hanis, and of which place she was a resident for the past sixty years.

In 1858 she was happily married to Mr. Phillip Karrer, this union lasting until the year 1867, when her husband was foully murdered by an unknown man—a stranger whom neither had ever seen before—by shooting him down in cold blood, leaving her a widow with five small children, now Mesdames P. M. and J. M. Koch, Nick, Joe and Hubert Karrer, all residing at D'Hanis with the exception of the latter who was killed some years ago in an accident on the railroad.

In 1869 she was married to Mr. John Rudinger, who preceded her in death in the year 1903. To this union three children were born: Mrs. Joe Batot of Eagle Pass, Mrs. Henry Rudinger and Miss Maggie Rudinger, D'Hanis. She is also survived by twenty-seven grand and seventeen great-grandchildren.

The funeral was held from Holy Cross Church and interment was made in the Catholic cemetery at D'Hanis, Rev. Father Maas officiating at the church and the grave in the presence of a large concourse of relatives and friends, who gathered from far and near to pay their last respects to the passing of a good and noble woman, and to follow her remains to their final resting place.

Mrs. Rudinger was truly a remarkable woman; although having passed through many vicissitudes and endured many hardships and misfortunes, yes, even seeing the savings of years and entire home and belongings swept away by fire, she never faltered, and where stronger hearts than hers would have given up in despair, she uncomplainingly gathered her little ones about her and with great faith in her God and the future, she cheerfully set about to take up the battle anew.

Her last years were spent quietly at home and in devotion to her children and amongst her friends of which she had many, for to have known her was to love her, for even amongst the younger generation she will be sorely missed, and her gentle face and kind disposition will ever be remembered. Especially in sickness and misfortune amongst her neighbors she was always first to alleviate pain and console, and thus prove herself the Good Samaritan.

She lived a noble christian life and her passing will ever be cherished as that of a good woman gone to certain reward.

**THE BATTLE CRY OF PEACE**  
 This call to arms against war touches the heart strings of your every emotion. It appeals to your sense of honor, your sense of duty as an American. It is an inspired revelation from the pen of J. Stuart Blackton and produced under his personal supervision.  
 It is more than a picture. It is a great national propaganda which deals with the most important problem that has confronted this nation since the Civil War—the problem of unpreparedness.

### Aug. Eckhart Dead.

Jourdanton, Texas, July 24.—People of this section were shocked yesterday afternoon as the news spread rapidly of the tragic death of August Eckhart. Mr. Eckhart was drawing water out of an underground cistern when he was seized by an attack of heart failure and fell head foremost into the cistern containing twelve feet of water and was dead before he could be rescued, it being difficult to get him out on account of his large physical build and the depth of the water.

He had been suffering from heart trouble for several months and had complained to his wife of his heart hurting just before he went to the cistern. He was about 55 years old, had been living on his farm in this county for more than twenty years and was one of the most substantial citizens of the county. He leaves a widow and four children. Burial was made in the cemetery at Poteet.—San Antonio Express.

### Should Sloan's Liniment Go Along?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

A woman will often marry a man for the mere sake of getting married, and when she discovers her mistakes blames the whole world for her folly.

### His Backache Gone.

Just how dangerous a backache, sore muscles, aching joints or rheumatic pains may be is sometimes realized only when life insurance is refused on account of kidney trouble. Joseph G. Wolf of Green Bay, Wis., writes: "Foley Kidney Pills relieved me of a severe backache that had bothered me for several months." Take Foley Kidney Pills for weak lame back and weary sleepless nights. Sold everywhere and in Hondo by W. H. Windrow.

### Lacoste Ledger Laconics.

Dr. and Mrs. L. A. Koontz and family left Friday for Sutton, West Virginia, to visit relatives. Mrs. L. A. Koontz and children will remain there for several weeks while the doctor will return home in a few days.

Mr. Weynand, agent for the Saxon car, from Hondo, was transacting business here Wednesday.

Rev. John Heinzlmeir and Geo. and Paul Echle returned Friday noon from the State Convention of the German Catholic Societies, which was held at Weimar, Texas.

O. P. Jungman of the Lacoste Mercantile Co., and Alex Hitzfelder of the Medina Mercantile Co., were enjoying their vacation the past week.

Mrs. Joe Drotcourt and children, Mrs. J. A. Mockert and daughters, Josephine, Effie and Marguerite and Frank Monier, spent Wednesday with Willie Biediger and family at Spindleton.

Messrs. Frank Keller and son, Eugene, Robert and Frank Mechler, Otto Bippert, Henry Reus, Bill Geiger, Henry Kauffman, L. C. Luckenbach and others left here Monday to attend the tractor demonstration at Dallas.

Mrs. J. A. Mockert and daughters, Josephine, Effie and Marguerite are here from El Paso on a visit to Mr. and Mrs. Joe Drotcourt, where they will spend a couple of weeks and then return to their home in El Paso.

Commissioner H. F. Wutzach came down from Cliff to superintend the hauling of the new steel bridges for the Geronimo crossing on the Bandera road and the Baby Settlement crossing, the people having subscribed the greater portion of the funds.

Mrs. Annie Ishlman of Hondo came in Sunday to spend a week with her parents, Mr. and Mrs. Will Gray.

The big barn of the M. V. I. Co. at Pearson burned down with several cars of cane hay Wednesday morning. A telephone call for aid was quickly responded to by the neighboring farmers and from Lacoste, and the fire was kept from spreading to the big lumber piles and to the dwelling houses.

D'hanis and Lacoste met on the latter's diamond. Both sides did some excellent playing. The home boys held down the visitors to a score of 6 to 0. After this game Castroville crossed bats with our nine. The score was 12 to 8 in favor of Lacoste.

### Why Endure Summer Colds?

It isn't necessary to have a stuffed head, running nose. To cough your head off as it were. All you need do is to use Dr. Bell's Fine-Tar-Honey. The soothing and healing balsams open the clogged air passages and in a short time you get relief and start on the road to recovery. Your nose stops running, your cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a cough and cold insurance.

### Sabinal Sentinel Siftings.

Mrs. T. E. Wyatt went to Hondo yesterday on a visit.

Mr. H. C. Rothe of Hondo came over yesterday to relieve Mr. W. H. Holt, the R. R. agent here, while he takes a month's vacation. Mr. Holt will spend his vacation at Waelder and other points.

Mrs. Grace Wood, who was visiting her sister, Mrs. Cone, left Monday for Hondo.

Mr. Nick Hans received a message Sunday to come to his brother's bedside, who was in dying condition at Castroville.

### Her Left Side Hurt.

Mrs. Laura Beall, Plattsburg, Miss., writes: "Last April I got in bad health; my left side hurt all the time. I had symptoms of Bright's disease. I took Foley Kidney Pills and feel all right now." They quickly relieve backache, rheumatism, aches and pains. Bladder troubles, too, are corrected by this remedy. Sold everywhere and in Hondo by W. H. Windrow.

All parties desiring to have children transferred from one school district to another are requested to notify County Superintendent W. N. Saathoff, in writing, before July 31st.

### Look Good—Feel Good.

No one can either feel good nor look good while suffering from constipation. Get rid of that tired, draggy, lifeless feeling by a treatment of Dr. King's New Life Pills. Buy a box today, take one or two pills tonight. In the morning that stuffed, dull feeling is gone and you feel better at once. 25c at your druggist.

In the love of home the love of country has its rise.

### SOME CHEAP MEAT DISHES.

The flank which is one of the cheap cuts of meat is very good when nicely cooked. Take two or three pounds, remove the tough skin and spread the meat with a well-seasoned force meat, using bread crumbs, herbs, parsley, minced onion and salt and pepper. Roll up and tie firmly to keep in shape. Have ready a pint of mixed vegetables, carrots, onion, celery and turnip. Place these in the bottom of a shallow baking pan with the meat on top with just enough water to cover; add a blade of mace and three or four cloves. Cover closely and cook slowly for four hours, basting the meat frequently with the liquor in the pan. When done remove the meat and vegetables to a hot dish and thicken the gravy with browned flour. Strain the gravy over the meat removing the cloves and mace before serving.

Sour Beef.—This is a good way to treat tough beef. Take a pound and a half of lean beef from the shin cut it in small pieces and roll in flour. Brown the meat in a little bacon fat, then remove it and add to the same fat two tablespoonsful of lard; brown this also, then add slowly two cupfuls of water or stock and stir until boiling hot. Put in the meat and cook slowly for one hour then add two onions salt and pepper to taste and finally a tablespoonful each of Worcestershire sauce and vinegar. Continue the cooking until the meat is tender. Sprinkle with chopped parsley and serve.

Beef in Casserole.—This is another method of cooking meat that is inclined to be tough. Take two pounds of the shin or round, wipe it carefully and lay in a casserole. Cover with a can of tomato, add two bay leaves and salt and pepper to season. Cook in the oven for two hours. Dish up the meat, thicken the tomatoes with flour and butter cooked together and serve the meat with potato pancakes. The acid of the tomato softens the tough fibers of the meat as does vinegar.

### HELPFUL THOUGHTS.

Ink can be removed from any fabric with fresh milk if quickly applied. Blood spots on woolen may be easily removed by rubbing the spots with dry starch. This absorbs the blood, and the cloth when dry may be brushed, freeing the starch from the cloth.

Before polishing a stove soap the dishes well with a good laundry soap, lulling the nails with the soap, then dry and the hands will not be at all stained when the black work is done.

A bar of laundry soap moistened to a lather rubbed over the back of the olecloth that slips and slides on the table will keep it firm without the use of tacks.

Salt shaker tops which have become rusted on may be removed by soaking the tops in a little vinegar. The acid dissolves the rust and the tops will then unscrew.

Cut hot gingerbread or cake with a fork. This makes each piece light and fluffy, whereas a knife used will spoil the cake, making a heavy streak where it is cut.

Use a little kerosene in the cleaning of windows, adding a teaspoonful to a pail of soapy water. Also use it in cleaning the bathtub, kitchen sink, linoleum, wash basin and the rollers of the clothes wringer.

Newspapers may be used in many ways to lighten work. Cut in small squares and hang from a convenient hook. Use the pieces to rub off the stove, wipe out a greasy dish, or on which to set a smoky kettle. They save utensils in dressing chickens and preparing vegetables, fruits and nuts; they protect the sink drain if used to wipe out greasy dishes before washing. If dampened and torn in bits may be used to keep down dust sweepings. When tightly twisted they make good kindling for fires, and good packing for a homemade fireless cooker.

To keep a kitchen cookstove clean an ordinary school eraser sprinkled with kerosene is a fine improvement over the brush which just changes the position of the dust.

# RAILROAD WAGES

Shall they be determined by Industrial Warfare or Federal Inquiry?

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employes on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.

The railroads are in the public service—your service. This army of employes is in the public service—your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employes.

On all the Western railroads in 1915, seventy-five per cent of the train employes earned these wages (lowest, highest and average of all) as shown by the pay rolls—

	Passenger		Freight		Yard	
	Range	Average	Range	Average	Range	Average
Engineers	\$1747 3094	\$2195	\$1537 3076	\$2071	\$1056 2445	\$1378
Conductors	1543 2789	1878	1454 2933	1935	1151 2045	1355
Firemen	1033 2078	1317	751 2059	1181	418 1552	973
Brakemen	854 1719	967	874 1961	1135	862 1821	1107

The average yearly wage payments to all Western train employes (including those who worked only part of the year) as shown by the 1915 payrolls were—

	Passenger	Freight	Yard
Engineers	\$2038	\$1737	\$1218
Conductors	1772	1624	1292
Firemen	1218	973	832
Brakemen	921	1000	1026

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employes) is equal to a 5 per cent advance in all freight rates.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employes' representatives.

Shall a nation-wide strike or an investigation under the Government determine this issue?

after a short illness, and was laid to rest during Requiem Mass Tuesday morning at St. Louis' Catholic cemetery, Rev. Father Heckman performing the sad rites. Deceased was born at Baby Settlement April 7, 1869, consequently he was 47 years, 3 months and 10 days old at the time of demise. On February 15, 1898, he was happily married to Miss Amelia Tschirhart. This union was blessed with six children, five sons and one daughter. Besides those mentioned deceased leaves his aged mother, Mrs. B. M. Hans, three brothers and four sisters and a very large number of other near and dear relatives to whom his untimely demise. A good man, has gone to his reward. Deceased was a devout Christian, a dutiful husband and loving father, a law-abiding citizen and a kind and accommodating neighbor, esteemed and respected by one and all who came in contact with him.

Deceased was proprietor of the City Meat Market for at least twenty-five years, was an esteemed member of both the Medina County Aid and St.

Louis' Society, and secretary of the Castroville Mutual Fire Association. One of the largest corteges of mourning relatives and friends ever witnessed in Castroville followed the corpse to its last resting place.

Mrs. Theresa Burrell (nee Firlinger), departed this life on July 20, 1916, after a lingering illness, and was laid to rest at St. Louis' cemetery on Friday morning, Rev. Father Heckman again officiating. Deceased was born at Hitzfelden, Ober Alsace, Germany, May 3rd, 1832, and came to this country in 1848, and in 1850 was happily married to Mr. John Hoffmann, who was killed by Indians in 1856. This union was blessed with one son, John Hoffmann, Jr. In 1858 she was again married to Mr. John B. Burrell. This second union was blessed with seven children, of which four survive. Besides those mentioned she is survived by 27 grand and 26 great-grand children and a large number of other near and dear kith and kin to mourn her loss. Despite the inclement weather a large concourse of mourning relatives and friends followed the remains to their last resting place.

We join this entire community in sympathy with all those bereaved and grief-stricken ones. R. I. P.

### Notice.

To the Republican voters of Medina County, Texas:

By the authority vested in me as County Chairman of the Republican party in Medina County, I hereby call a county convention, of all Republicans, to be held in the City of Hondo, Texas, at nine o'clock A. M., Saturday, July 29, 1916, for the purpose of electing delegates, to the state convention to be held in the city of San Antonio, Tex., on the morning of Tuesday, August 8, 1916, for the purpose of nominating a state ticket.

All Republicans are urgently requested to be present, at this meeting, as it may be found necessary to put out a Republican ticket for District and county officers.

J. W. FULERTON,  
County Chairman.

### The Election.

The primary election of July 22nd contained several surprises, chief of which was the smallness of the vote, little more than seventy-five per cent of the primary vote of two years ago, and less than fifty per cent of the voting strength of the state being polled. The other surprise is that two anti-prohibitionists led in the senatorial race and both the prohibitionist candidates are eliminated from the second primary. This, too, occurred while submission carried by a small lead according to the latest returns up to the hour of going to press with this page Wednesday.

Following is the standing of the vote in some of the more important contests:

## What The War Is Doing For The Farmer

The European war is not an unmitigated evil, nor yet is it an unmitigated blessing for this country. We shall not attempt to go into the ethical side of the question at all, nor shall we discuss "war profits," munition plants or other similar phases of the situation. We shall look at the war purely from the standpoint of prices for raw products, either produced here in this country or imported from foreign countries. And

HOW SUGAR CANE GROWS.

of course when we consider raw products we must carry the subject further on into the matter of the prices we get and the prices we must pay for finished products. We shall confine our consideration, too, to those products which have their origin on the farm either in the raw state or mixed and manufactured into edible or wearable articles.

Let us take wheat, for example. We all know that the war has put the price of wheat way up. Very well—this means that the whole country's city, town and rural population as well as paying more for their flour—therefore the wheat raiser should theoretically be getting rich on a product which it costs him no more to raise than formerly and for which he gets more money.

But wait a minute—there are other things to consider in this matter of growing rich off the war. Cotton and wool and meats and farm machinery and sugar have gone up too. This means that while the wheat raiser is getting more for his product, he is also paying some other agriculturist more for his product. This cuts down somewhat on the profits the war is bringing to the farmer. Then it would seem that the best way to keep ahead of the game is for the farmer to pay the farmer who raises his necessities the increased prices that the war has brought about and when buying his luxuries or those things that are not bare necessities of life to pick and choose from

## HONDO'S BIG EXPOSITION

Opens Monday, July 31st—Continues Five Days.

Everybody in Hondo should turn out Monday night to boost the Merchants' Exposition and Auto Show. Merchants have gone to a great expense to entertain the public; besides there will be given away sacks of flour, cans of coffee, pails of lard, hams and other valuable prizes absolutely free. Schmitt & Steinhardt will give away two dresses—one to the most popular married lady, the other to the most popular young lady—100 votes with each 50c purchase. Then you will enjoy the free eating samples, fine program of moving pictures, and vocal selections by the famous singer, J. Lester Lawrence.

The baby show will take place on Wednesday night, August 2nd, at 8:30 p. m. Mothers, give the little darlings an outing.

The bread and cake contest will take place on Thursday night, August 3rd, at 8:30 p. m.

Remember you will see and enjoy the best entertainment this year, besides you will help the Mothers' Club, which is to receive a part of the door receipts. All country people living outside of a three mile limit from the Hondo court house will be admitted free, but no one living within a radius of three miles of court house will be admitted without paying. Admission, adults, 15c; children under 12 years, 10c.

One of the most miraculous escapes from instant death that ever happened in this county occurred in D'Hanis Monday. Mrs. Richard Carle, in the act of drawing water, stepped on a plank which broke, causing her to fall into the well. A Mexican woman who witnessed the mishap gave the alarm and rescuers immediately flocked to the well and Mrs. Carle was brought to the surface painfully but not dangerously bruised. The well contained about nine feet of water and Mrs. Carle kept herself from drowning by seizing hold of the rope keeping her self afloat until rescued. She had a most miraculous escape from serious harm and is receiving the congratulations of her friends over her good fortune.

Dirk Lindeburg, one of the progressive farmers of Medina county, was in town yesterday and paid this office a business call. Mr. Lindeburg is losing no sleep over the pestiferous boll weevil problem for the simple reason that he plants no cotton. He says whenever the raising of cotton can be done profitably he may raise it, but until that time arrives he will devote his energies to other crops, as he does not care to put in a year's work without adequate returns for the labor expended.

Jos. Zimmerman and sons of New Orleans, La., and Pete Eiserloh of San Antonio were here one day this week renewing old acquaintances. Mr. Zimmerman, who is a successful manufacturer of building accessories, was raised at Castroville.

Preaching at the Nazarene Church by Rev. E. R. Gentry Saturday night and Sunday 11 a. m. and 8 p. m. on 2nd and 4th Sundays and at 11 a. m. and 8 p. m. on 1st and 3rd by J. T. Horger.

Mrs. V. H. Blocker left last Saturday for Clarendon, Texas, in response to information that her mother was critically ill.

Bring us your country produce. Will pay you cash for it. L. Barrientes & Sons, phone 200.

Mimke Saathoff, the Tarpley merchant, came down yesterday. Oil Stoves at Holloway Bros.
